Request for Acceleration of Patent Application  
09/945,467, One Page Purchasing System

I just received the attached Confirmation No. 3259, Replacement Filing Receipt which doesn't seem to respond to my attached request for acceleration of the above application sent you March 5, 2002, as it is just a copy of the original Confirmation showing a Projected Publication Date of 03/06/2003.

My card for acknowledgment was also received and the receipt stamp is shown here.

Would you please clarify this situation and advise me of the accelerated date for examination.

Thank you.

  
Harold F. Hynes

Mr. Harold Hynes applied for a Patent, 09/948467 on September 4, 2001, entitled "One page purchasing system" and has asked me to write this letter to you regarding his health. In supporting his request for special status in accelerated processing on the basis of his illness.

He has been a patient of mine for several years, is 86-years old, and a very alert person. Unfortunately he has a cancerous abdominal tumor measuring approximately 15 x 17 cm. and is continuing to grow. The tumor is a colon cancer which is of serous nature. He is receiving monthly attention from an oncologist from Denver.

I would encourage your office to extend him this accelerated service while he continues to be active.

Thank You,

Baskar Sundaravadivel, M.D.
